Report on review of condensed consolidated interim financial statements

To the shareholders of Saudi Basic Industries Corporation (SABIC)
(A Saudi Joint Stock Company)

Introduction

We have reviewed the accompanying condensed consolidated interim statement of financial position of Saudi Basic Industries Corporation and its subsidiaries (the "Group") as of 31 March 2025 and the related condensed consolidated interim statements of income, comprehensive income, changes in equity and cash flows for the three-month period then ended and other explanatory notes. Management is responsible for the preparation and presentation of these condensed consolidated interim financial statements in accordance with International Accounting Standard 34 - "Interim Financial Reporting" (IAS 34), as endorsed in the Kingdom of Saudi Arabia. Our responsibility is to express a conclusion on these condensed consolidated interim financial statements based on our review.

Scope of review

We conducted our review in accordance with International Standard on Review Engagements 2410, "Review of interim financial information performed by the independent auditor of the entity", as endorsed in the Kingdom of Saudi Arabia. A review of interim financial information consists of making inquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with International Standards on Auditing, as endorsed in the Kingdom of Saudi Arabia, and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.

Conclusion

Based on our review, nothing has come to our attention that causes us to believe that the accompanying condensed consolidated interim financial statements are not prepared, in all material respects, in accordance with IAS 34, as endorsed in the Kingdom of Saudi Arabia.

NOTES TO THE CONDENSED CONSOLIDATED INTERIM FINANCIAL STATEMENTS

All amounts in thousands of Saudi Riyals unless otherwise stated

1. CORPORATE INFORMATION

Saudi Basic Industries Corporation ("SABIC" or "the Parent") is a Saudi Joint Stock Company established pursuant to Royal Decree Number M/66 dated 13 Ramadan 1396H (corresponding to 6 September 1976) registered in Riyadh under commercial registration No. 1010010813 dated 14 Muharram 1397H (corresponding to 4 January 1977). The registered office is located at Qurtubah district, P.O. Box 5101, Riyadh 11422, Kingdom of Saudi Arabia ("KSA").

Saudi Arabian Oil Company ("Saudi Aramco") owns 70% of SABIC through one of its subsidiaries, "Aramco Chemicals Company". The Saudi Arabian Government is the largest shareholder by 81.48% direct shareholding in Saudi Aramco. The remaining 30% of SABIC shares are held by the private sector.

SABIC and its subsidiaries (collectively the "Group") are engaged in the manufacturing, marketing and distribution of chemicals, polymers, plastics and agri-nutrients products in global markets.

The condensed consolidated interim financial statements of the Group for the three months period ended 31 March 2025 were authorised for issue in accordance with a resolution of the Board of Directors on 1 May 2025.

2. BASIS OF PREPARATION

These condensed consolidated interim financial statements have been prepared in accordance with International Accounting Standard 34 *'Interim Financial Reporting'* ("IAS 34") as endorsed in KSA and other standards and pronouncements that are endorsed by the Saudi Organization for Chartered and Professional Accountants ("SOCPA") (collectively referred to as "IFRS as endorsed in KSA").

These condensed consolidated interim financial statements do not include all information and disclosures required in the annual consolidated financial statements and should therefore be read in conjunction with the Group's annual consolidated financial statements for the year ended 31 December 2024.

An interim period is considered as an integral part of the whole fiscal year. However, the results of operations for the interim periods may not be a fair indication of the results of the full year operations.

3. NEW STANDARDS, INTERPRETATIONS AND AMENDMENTS ADOPTED BY THE GROUP

The accounting policies adopted in the preparation of the condensed consolidated interim financial statements are consistent with those followed in preparing the Group's annual consolidated financial statements for the year ended 31 December 2024, except for the adopted amendments to International Financial Reporting Standards ("IFRS") as elaborated below.

The Group has adopted the following relevant amendments to IFRS as endorsed in KSA, which are effective for periods beginning on or after 1 January 2025, and have no impact on the Group:

- **LACK OF EXCHANGABILITY – AMENDMENTS TO IAS 21 THE EFFECTS OF CHANGES IN FOREIGN EXCHANGE RATES**

  The amendment prescribes accounting when there is a lack of exchangeability in the currency of an entity when it has a transaction or an operation in a foreign currency. A currency is exchangeable when there is an ability to obtain the other currency (with a normal administrative delay), and the transaction would take place through a market or exchange mechanism that creates enforceable rights and obligations. As there are no major transactions or the operations of the Group where the entity is subject to lack of exchangeability, this amendment does not have any material impact on the Group's condensed consolidated interim financial statements.

The Group has not early adopted any new standard, interpretation or amendment that have been issued but which are not yet effective.

4. DISCONTINUED OPERATION

On 3 September 2023, the Group announced signing an agreement with the 'Public Investment Fund' ("PIF") to acquire all SABIC shares in the 'Saudi Iron and Steel Company' ("Hadeed").

Following the signing of the agreement, Hadeed was presented as 'discontinued operation' under IFRS 5 *'Non-current Assets Held for Sale and Discontinued Operations'*. The assets and liabilities of the disposal group were therefore classified and presented separately as 'held for sale' in the financial statements of the Group until disposal of Hadeed. These were measured at lower of their carrying amount and fair value less costs to sell (based on the agreement) and depreciation was ceased on relevant assets from the date of their classification as 'held for sale'.

As per 31 May 2024, SABIC had obtained all approvals from the relevant authorities and satisfied all conditions related to the transfer of the ownership of Hadeed to PIF.

4.1 Financial performance and cash flow information

For the purpose of comparative of these condensed consolidated interim financial statements, the financial performance financial performance of discontinued operation are presented below:

For the three months period ended 31 March	2024
Revenue	3,290,552
Depreciation and amortisation	-
Cost of sales and other expenses, net	(3,239,666)
Finance income and expenses	(34,426)

Loss after zakat	(21,075)
Fair value re-measurement on assets held for sale	(365,588)
Loss from discontinued operation	(386,663)
Re-measurement gain on defined benefit plan	91,086
Total comprehensive loss from discontinued operation	(295,577)

Following table presents the cash flow information of discontinued operation for the following period:

For the three months period ended 31 March	2024
Net cash used in operating activities	(698,878)
Net cash from investing activities	42,225
Net cash used in financing activities	(31,753)
Net decrease in cash and cash equivalents	(688,406)

5. SIGNIFICANT MATTERS DURING THE PERIOD

5.1 SALE OF SHARES IN ALUMINIUM BAHRAIN BSC ("ALBA")

On 14 Rabi'ul Awwal 1446 AH (corresponding to 17 September 2024), the Group announced the signing by SABIC Industrial Investment Company, a wholly owned subsidiary of SABIC, of an agreement for the sale of its holding of 292,804,000 ordinary shares in ALBA (representing 20.62% of its issued share capital) to Saudi Arabian Mining Company ("Ma'aden"). The divestment will enable SABIC to optimise its portfolio, focus on its core business, and further strengthen its growth in the chemicals industry.

The investment was measured at the lower of its carrying amount and its fair value less costs to sell (based on the agreement), resulting in a fair value remeasurement loss amounting to ﷼201 million which was recorded under results from associates and non-integral joint ventures in the consolidated statement of income in 2024.

On 20 Sha'ban 1446H (corresponding to 19 February 2025), SABIC announced the completion of sale of shares in ALBA against sales proceeds of BHD 363 million (equivalent to ﷼3,612 million). The transaction resulted in a gain of ﷼13 million, primarily due to the recycling of other comprehensive income to condensed consolidated interim statement of income upon disposal after deducting foreign exchange loss and finance expenses incurred in connection with the settlement of the transaction.

5.2 MURABAHA LOANS

On 16 Ramadan 1446 AH (corresponding to 16 March 2025), the Group signed an agreement with a syndicate of certain financial institutions to obtain additional Murabaha loans amounting to ﷼8,100 million. The syndicate loan has been utilised to settle certain existing loans and working capital requirements. These loans are repayable in instalments over a period of 10 years at varying profit rates in conformity with the applicable borrowing agreements.

5.3 RESTRUCTURING COST

During the period ended 31 March 2025, SABIC has offered a severance package to some of its employees as a result of strategic workforce optimization initiative. The impact of this amounting to ﷼1,069 million has been recognised within 'other operating expenses' in these condensed consolidated interim financial statements.

5.4 RESTATEMENT

SABIC has restated its comparative condensed consolidated interim statement of financial position as at 31 December 2024 and condensed consolidated interim statement of changes in equity as at 1 January 2024, 31 March 2024 and 1 January 2025 with an amount of ﷼475 million related to one of its associates, Power and Water Utilities Company for Jubail and Yanbu ("Marafiq"), based on the restatements of Marafiq which were reported in its recently published annual consolidated financial statements for the year ended 31 December 2024. This was mainly due to Marafiq's reassessment of one of its joint arrangements and lease agreements.

The impact of the above adjustment is presented in the table below:

	31 December 2024 as previously reported	Restatement	31 December 2024 restated balances
Assets			
Investments in associates and joint ventures	35,435,785	(474,950)	34,960,835
Equity			
Equity attributable to equity holders of the Parent	156,833,133	(474,950)	156,358,183

There were no assets or liabilities measured on a non-recurring basis. The valuation methods, assumptions and classification methodology used in this disclosure are in line with the annual consolidated financial statements for the year ended 31 December 2024. No transfers were recorded between Level I, Level II or Level III for the three months period ended 31 March 2025.

The following table summarises the information about the significant non-observable inputs used in level III fair value measurements:

Description	Valuation technique	Significant non-observable input	Range
Derivative financial instruments	Market approach	**Put options and forward contracts:**	
		Equity value to EBITDA multiple	6.27
		Call option valuation:	
		Implied volatility	25% to 28%
		Assumed dividend yield	8.5% to 14.2%
		Risk free rate	4.1% to 4.7%

SABIC accounts for a number of financial instruments, which are measured at amortised cost. The fair value of the majority of these instruments approximates their carrying values, except for debt which has carrying value amounting to ﷼32,361 million and fair value amounting to ﷼31,397 million as at 31 March 2025 (31 December 2024: carrying value amounting to ﷼30,269 million and fair value amounting to ﷼29,231 million).

The fair value of trade receivables, short-term investments, cash and cash equivalents, trade payables and other financial assets and financial liabilities approximate their carrying amounts largely due to the short-term maturities of these instruments.

The key movements during the three months period ended 31 March 2025 in Level III fair values of financial assets and liabilities amounted to ﷼102 million and ﷼165 million driven by a fair value gain on derivative financial assets and fair value loss on derivative financial liabilities respectively (31 March 2024: fair value gain amounting to ﷼313 million and fair value loss amounting to ﷼120 million).

A change in the assumptions underlying the valuation of the options of +/- 10% would reflect in a change in the value of the call option up to approximately +/- ﷼707 million and approximately +/- ﷼195 million in the value of the put/call options (31 March 2024: change of approximately +/- ﷼703 million and +/- ﷼213 million in value of call option and put/call options respectively).

There is no material unquoted equity instrument at FVOCI to be disclosed separately.

9. SEGMENT INFORMATION

For management purposes, the Group is organised into two operating segments.

The **Petrochemicals** segment is comprised of two primary product categories: Chemicals and Polymers.

- **Chemicals** products are manufactured from a variety of hydrocarbon feedstock, including Methane, Ethane, Propane, Butane, and light Naphtha. The product range includes Olefins, Methanol, Aromatics, Glycols, Carbon Dioxide, Methyl Tert-Butyl Ether (MTBE).
- **Polymers** products include Polyethylene (PE), Polypropylene (PP), Polycarbonate (PC), specialities products and other Polymers:
    - The PE product range encompasses linear low-density polyethylene (LLDPE), low-density polyethylene (LDPE), and high-density polyethylene (HDPE).
    - The PP product lines include homo, random, and impact Polypropylene, as well as Polypropylene compounds, homo polymer, random copolymer, impact copolymer, and specialty automotive grades.
    - The Specialties product range includes NORYL™, ULTEM™, EXTEM™, and SILTEM™ resins, a range of LNP™ compounds and copolymers, and a variety of thermosets and additives. As of April 19, 2024, the Specialties business was repositioned and integrated into the Polymers business.
    - Other notable products include Polycarbonate (PC), Polyvinyl Chloride (PVC), Polyethylene Terephthalate (PET), Polystyrene (PS) and Acrylonitrile Butadiene Styrene (ABS).

The **Agri-Nutrients** segment consists of a range of fertiliser products; including Urea, Ammonia, Phosphate, as well as compound fertilisers.

The Chief Executive Officer monitors the results of its segments for the purpose of making decisions about resource allocation and performance assessment. Segment performance is evaluated based on income statement and is measured consistently with profit or loss in the condensed consolidated interim financial statements.
